As the sun goes down and another day is dying.
I find myself alone again and cryin'.
It's been so long since you been gone,
An' I still hurt like this.
An' I keep missin' you more,
Each day I live.

Each day I live, I have to live with,
Losin' your love, knowing I was wrong,
Still my love for you goes on and on and on.
It's just how it is each day I live.

As the moon comes up, I remember those long loving
nights.
I still hear you whisper you love me while holding me
tight.
I let you go and you'll never know,
How I hunger for your kiss.
I keep missin' you more,
Each day I live.

Each day I live, I have to live with,
Losin' your love, knowing I was wrong,
Still my love for you goes on and on and on.
It's just how it is each day I live.

Losin' your love, knowing I was wrong,
Still my love for you goes on and on and on.
It's just how it is each day I live.

As the sun goes down and another day is dying.
I find myself alone again and crying.
