"Heartless Night"

Drivin' down this dark deserted highway,
Feelin' as wrong as the road is long.
I'm sorry for the words that came between us.
I pray my darkest hour, will lead us to the dawn.

Heartless night with a blue moon risin'.
I turned away from the one I love.
Heartless night, oh, I feel like dyin'.
Will you take me back when the mornin' comes.

A cold and starless sky just hangs above me.
The warmth of you is buried in my mind.
I need to hold you close or I'll go crazy.
Without you, there's an emptiness inside.

Heartless night with a blue moon risin'.
I turned away from the one I love.
Heartless night, oh, I feel like dyin'.
Will you take me back when the mornin' comes.

Heartless night.
Heartless night.
If I could only see your arms,
Reaching out for me,
There'd be a light,
In this heartless night.

Instrumental Break.

Heartless night with a blue moon risin'.
Will you take me back when the mornin' comes?
Will you take me back when the mornin' comes?
Heartless night.
