She's out there  
Callin' somebody baby  
Drivin' somebody crazy  
Breakin' hearts just like mine  
She's out there  
Lookin' just like an angel  
Flirtin' across the table  
Drinkin' somebody's wine  
(CHORUS)  
She's out there somewhere  
Dancin' around the moon  
Yeah, the laughter we shared  
Ended way too soon  
But when I close my eyes  
I know deep inside  
She's out there  
Tellin' somebody's secrets  
Makin' somebody feel it  
Changin' somebody's life  
(REPEAT CHORUS)  
She's out there  
She's out there somewhere  
Dancin' around the moon  
Yeah, the laughter we shared  
Ended way too soon  
(REPEAT CHORUS)  
Yeah, she's out there  
(Callin' somebody baby)  
Yeah, she's out there  
(Drivin' somebody crazy)  
Yeah, she's out there  
(Callin' somebody baby)  
Yeah, she's out there  
(Drivin' somebody crazy)  
(FADE)
