One chance to play that game  
The cards are dealt out over the table  
Will you find yourself a loser  
Or will you win that game

It's when you're  
Flipping back and forth  
On the board of insecurity  
Your minds been made up  
And broken in two again  
Your mind's been made up,  
And broken in two

One Last Chance and it's out of your hands  
Play it right this time, yeah  
One Last Chance but it's out of your hands  
Play it right this time, yeah

One Chance, but it ain't the same  
The puzzle didn't get itself together now  
Try to find your sanity  
In this mess you've made

Doesn't mean a thing to me  
How you play your cards  
It's the pot of gold that counts  
It doesn't matter how you get there  
It doesn't matter how you get there

One Last Chance and it's out of your hands  
Play it right this time, yeah  
One Last Chance and it's out of your hands  
Play it right this time, yeah

Welcome  
One chance is about celebrating our time  
This one cycle we call life  
We have to make the most of it  
We are the flowers of mother earth  
So let's treat her with respect  
And do like she intended

Be inside the music  
And be inside each other  
And we will take you higher  
Higher

Higher  
Higher
