I can't even leave it
Stay right here with me!
It's almost I am dreaming
Cause baby you're my fantasy!
It's amazing what I'm feeling
The whole world can see
And never be, it's you and me now
And let you down, girl, I'm ready!

Chorus:

Whenever I'm close to you
This feels so good and it's all because of you
Girl, you got me saying oh, oh
Shawty's got me saying oh, oh, oh
You're like my favourite song,
Girl, it's true, you gotta know!
You make me feel... on the radio
You got me saying oh oh oh
Shawty got me saying oh, oh, oh

Yeah, Shawty you're my world
Ain't nobody that could touch my baby
And I can't leave you, girl
Cause if you walk away, I will go crazy!
Them other dudes trying to speak to her
She's leading cause she stay down
She's a shine star chick, gotta roll with, gotta roll
Glad I have you around, yeah

Chorus:

Whenever I'm close to you
This feels so good and it's all because of you
Girl, you got me saying oh, oh
Shanty's got me saying oh, oh, oh
You're like my favourite song,
Girl, it's true, you gotta know!
You make me feel... on the radio
You got me saying oh oh oh
Shawty got me saying oh, oh, oh

From the bottom to the top girl

We gonna run this thing on, girl!
From the bottom to the top girl
We gonna run this thing on, girl!
From the bottom to the top girl
We gonna run this thing on, girl!
From the bottom to the top

Chorus: (x2)

Whenever Iâ€™m close to you
This feels so good and itâ€™s all because of you
Girl, you got me saying oh, oh
Shawtyâ€™s got me saying oh, oh, oh
Youâ€™re like my favourite song,
Girl, itâ€™s true, you gotta know!
You make me feelâ€™... on the radio
You got me saying oh oh oh
Shawty got me saying oh, oh, oh
