We ain't scared of this. (Oh, no.)  
You know we ain't scared of this. (We ain't scared of  
you.) (x2)

Rusko, ain't scared, here we go, you know I got to give  
it to you so.  
Old School, straight back.  
New School, to the front,  
Flip it back, turn it on its side 'til you know.  
Overloading, red lights, colour coding. I've got to make  
it matter, no?!  
You know its cool, cool down  
Just let it fool, fool down.  
Flip it back, turn it on its side flip it like! (x2)

We ain't scared of this. (Oh, no.)  
You know we ain't scared of this. (We ain't scared of  
you.) (x2)

We ain't gonna stop, no way.  
Til we reach the fuckin' top, I keep tellin' you.  
Just give it a go, we'll make it happen like you just don't  
know.

We ain't scared of this. (Oh, no.)  
You know we ain't scared of this. (We ain't scared of  
you.) (x2)
