You are as fake as the smile you make, nothing you
could ever do would
Make you touchable, you make everybody fucking sick.

Crawl around the walkable

You have no family, nobody to show the respect you
claim to have. You
Have nothing in this world, you mean nothing to us all.

Crawl around the Walkable, there is nothing for you
here, Crawl around
The walkable.

YOU FUCKING BITCH YOU NEVER, YOU NEVER WILL GET
RESPECT FROM ME.

You'll get what you deserve [x2]

Crawl around the walkable, there is nothing for you
here. [x2]
You'll get what you deserve
