You hit me like a hurricane
On an open sea
Waves of you crashin' over me
The scent of love, still on the breeze

But you, you made me feel,
Like a symphony was playin' only for me

And so far by far
Nothing compares to you
So far by far
When you kiss me that's all that I wanna do
So far by far
Nothin' compares to the rush.
Oh, so far by far

I dream about you most every night
I feel your skin right next to mine
And I guess love becomes me now
And I crave you like I crave this crowd

But you, you made me feel,
Like a symphony was playin' only for me

So far by far
Nothing compares to you
So far by far
When you kiss me that's all that I wanna do
So far by far
Nothin' compares to the rush.
Oh, so far by far

So far by far
I breathe in, breathe out
I never imagined
It would feel like this
But I don't believe in luck
So they can save me their speeches and scolds
Cause I know

So far by far

Nothing compares to you
And so far by far
When you kiss me that's all that I wanna do
So far by far
Nothin' compares to the rush.
Oh, so far by far
Nothing compares to you
And oh, so far by far
When you kiss me that's all that I wanna do
So far by far
Nothin' compares to the rush.
Oh, so far by far
