I have never seen you here before
I wonder who was coming through that door
Why did the air turn cold suddenly I feel old
Why did the light fade away

I have seen this eyes somewhere I'm sure
Look away this is more then I can endure
Her eyes starts to glow
I can see that she knows
And there is no way out

I'm under her spell
I will never be free
She is watching me
I wont leave this spell
I will never be free
She is still watching me

She whispers tales when I'm asleep
I can feel her evil "..."
She knows what "..."
Cuts my life into ruins
And it's too late now

The evil smile wont leave her face
Leads me into wicked ways
Too late to play "..."
Too late to choose
And I must follow her now

I'm under her spell
I will never be free
She is watching me
I wont leave this spell
I will never be free
She is still watching me

When she starts to glow
I can see that she knows
And there is no way out

I'm under her spell

I wont ever be free
She is watching me
I wont leave this spell
I wont ever be free
She is still watching me

I'm under her spell
I wont ever be free
She is watching me
I wont leave this spell
I wont ever be free
She is still watching me
