This is your Victory!

There is nothing left to see  
Move on and don't look back  
All the beaten, all have gone  
Don't you know the fight is over  
Don't you know your work is done  
Don't you see the enemies running away

They'll keep running!

When the sunshine is down on you  
There's no matter what you do  
Everything will turn out right  
You have won without a fight  
No more bargains in your way  
No more ordinary days  
It all begins right here  
This is your victory!

My smoke is rising behind you  
Your victims praying for mercy  
Your justice has passed  
Punishment is delivered  
Here's nothing more for you  
Mission is completed  
This is your new life  
And it starts right here  
Will you leave it?

When the sunshine is down on you  
There's no matter what you do  
Everything will turn out right  
You have won without a fight  
No more bargains in your way  
No more ordinary days  
It all begins right here  
This is your victory!

Solo

When the sunshine is down on you

There's no matter what you do  
Everything will turn out right  
You have won without a fight  
No more bargains in your way  
No more ordinary days  
It all begins right here  
This is your victory!
