You are my princess, I am your servant
Destiny divided pitiful twins
If it's to protect you, I will even become evil

We were born under high expectations
The bell of church blessed us
For selfish adults' reasons
Our futures were ripped in two
Even if the entire world becomes your enemy
I will protect you
So just be there smiling and laughing

You are my princess, I am your servant
Destiny divided pitiful twins
If it's to protect you, I will even become evil

When I visited the neighboring country
I happened to see a green girl walking in the city
With her kind voice and smiling face
I fell in love at first sight
But if the princess wishes that girl removed
I will answer that
I wonder why my tears wont stop

You are my princess, I am your servant
Destiny divided lovely twins
"Today's snack is brioche"
You laugh, a laugh that was ever so innocent

Before long the angry townspeople
Will probably overthrow us
Even if we so rightly deserve this
Despite that, I wil still defy them
"Here, I will lend you my clothes"
"Wear this and escape immediately"
"It'll be alright, we are twins, no one will notice"

I am a princess, you are a fugitive
Destiny divided sad twins
If you are proclaimed evil
Then I also have the same evil blood in my veins

A long time ago in a certian place
Evil people lived in a kingdom
And there rulling over all at the throne was
My very cute sibling
Even if the entire world becomes your enemy
I will protect you
So just be there smiling and laughing

You are my princess, I am your servant
Destiny divided pitiful twins
If it's to protect you, I will even become evil

If I could be reborn
At that time I'd like to play with you again
