Life can be good, Life can be cruel...
I'm Robin Hood...but it's a jewel...when I see you smilin'
face.....

So...innocent when...so much is fake....
Like other men.....But this is real for me...this I can't
erase....

Chorus:
It's understood...
Understood
Wood is good
Wood is good
Yeah...C'Mon!

(There's) No plastic here.....I'm with you now....
Isn't it clear...can you somehow...see that I will never
leave?

Why.....wonder at all? I love the maide...
For whom I fall...in love again...every time you act
naive.....

Chorus:

It's understood...It's understood (yeah understood)

Wood is good...yeah so good...
Oh...C'mon!
