Have you ever known  
What it's like to be nervous, alone  
What it's like when the time slips  
Right out your hands, too late, now it's time to go

And you wish  
You wish for a moment like this  
Where the time would stand still and you'd  
Kiss her with all that you have, just to let her know

Cause sometimes it's hard to swallow  
But it's the way that I feel can make red lights a go  
And there's nothing to stop me now

Maybe  
I'll scream out loud  
I'm fighting my way to the top so that you  
Just maybe  
Might hear me now  
I take a deep breath let it out

Have you ever known  
That I'm right there behind you and  
So  
Unbelievably taken by all that you are  
Everything that I'll never know

And sometimes it's hard to swallow  
But if you'd give me the chance  
I'll never let go  
Cause there's nothing to stop me now

As I scream at  
The top of my lungs, make a scene  
Just to catch your attention, and all in between  
Your beauty at once had me lost in the meaning

Maybe  
I'll scream out loud  
I'm fighting my way to the top so that you  
Just maybe

Might hear me now  
I take a deep breath let it out
