Rise and shine
Wake up your sleepy end
'Cause now it's time
To leave your cozy bed
As the dawn is waking
And your adventure is waiting

Walking hand in hand
Out of Christmas time and into wonderland
With your best friend
Your dream has just come true and won't believe it's
you
It's happening too
You're lost in the snow

As night time falls
You cry in your darkest fear
You think you've lost your friend
Who will dry your tears
But a new life is dawning
And a new day is calling

Walking hand in hand
Out of Christmas time and into wonderland
With your best friend
Your dream has just come true and you can't believe
it's you
That holds a dream
You're lost in the snow
You're lost in the snow

Told you feel lost without hurt
Soon the night time will be over

And you'll be walking hand in hand
Out of Christmas time and into wonderland
With your best friend
Your dream has just come true and you won't believe
it's you
It's happening too
You're lost in the snow
You're lost in the snow
