(It's obvious that my heart beats for you)
Go!
Let's go (Go)
I need you here but you're always so far away
I call you up but you know it's just never the same
Cuz being closer to you is my sweetest escape
It's all I needed
I need you here but you're always so far away

Chorus:
This is our night to look in your eyes
so we can go all the way
I'm losing my mind, broken inside
I want you to take my breath away
It's obvious that my heart beats for you (beats for you
x2)

Just let go tonight
We're so close tonight

I need you here but you're out there on your own
You used to look the pictures in my telephone
Hiding out in your room we can be alone
Laughing out loud
You need me here but I'm always so far away

Chorus:
This is our night to look in your eyes
so we can go all the way
I'm losing my mind, broken inside
I want you to take my breath away
It's obvious that my heart beats for you (beats for you
x2)
