I Cry
Russ Taff
When peace cannot be found
And sleep won't visit me tonight
A restless mind that I can't tame
How off the floor I call Your name
Sign of silence and the tears begin to fall
I Cry
And You're the one who hears me calling
I fall
So easily but You're there to catch me
Say the words that heal me
I'm safe when I'm with You
You touch my eyes and I can see
Oh the comfort that You bring
When nothing else can reach inside
Sympathetic friends are all around
Their soothing words fall to the ground
In silence I feel You here with me
I Cry
And You're the one who hears me calling
I fall
So easily but You're there to catch me
Say the words that heal me
I'm safe when I'm with You
You touch my eyes and I can see
I Cry
And You're the one who hears me calling
I fall
So easily but You're there to catch me
Say the words that heal me
I'm safe when I'm with You
You touch my eyes and I can see
