### "The Forgotten Ones"

No one here to save you now  
No one here to guard your soul  
Only emptiness ahead  
Waiting for your fear to win

But there is someone who remembers you  
Someone waiting for a sign that leads the way to you  
Someone who will die for you  
Keep that in mind, when the hope fails

When the world starts to cry  
A life around you slowly dies  
The forgotten ones will see  
How you seek, how you try  
To save an undone life from pain  
The forgotten ones will know

No one here to wipe your tears  
No one here to ease your pain  
Only a deep darkness ahead  
Waiting for the hope leave

But there is someone who remembers you  
Someone waiting for a sign that leads the way to you  
There is someone who will die for you  
Keep that in mind, when the hope fails
