I left my home on the way to Chicago, somewhere out
in the middle of the

road, Where all my dreams are falling like snow & at
night I can still

see it glowing...Blowing

Cool breeze baby raam, raam, raam, baby raam, raam

baby raam tonight as your belly will be full with all the
season's

allowed... & the baby will raam & the baby will rise
above, Baby will

raam, You can cool me down like a big fat bird, well
hold me down like a

tumblin a bird, well, OM with your baby so right, Baby
will rise above

all the seasons allowed

& the baby will raam & the baby will rise above Baby
will raam

Just the bliss of my blood, just the bliss of my blood

We belong in the bliss of my blood, all my days when
my days were good.

Hold me down in the daze of the sun, Well come along
my darling in the

daze of the sun

Well, cool breeze Baby raam, raam, raam Baby raam,
raam

Baby raam, tonight As your belly will be full with all te

season's

allowed
