What is that you said
Gotta whistle in the wind yea go down go down go
down
Fear for me and I will fear for you, fear, fear
Fear whistles in the wind as I go down
Fear whistles in the wind as I blow down

When the cat turned blue

When the cat turned blue

When the cat turned blue

When the cat turned blue

When the cat turned blue

When the cat turned blue

When the cat turned blue

When the cat turned blue

When the cat turned blue

What is that you said
You gotta whistle in the wind and again yea

What is that you said
You gotta whistle in the wind and again yea

Fear for me and I will fear for you

Fear for me and I will fear for you

Fear

Fear whistles in the wind as I go down
Fear whistles in the wind as I blow down

There must be some kinda way out of here
Said the joker to the thief

There's too much confusion
I can't get no relief

When the cat turned blue

When the cat turned blue

When the cat turned blue

When the cat turned blue

What is that you said
Gotta whistle in the wind yea go down go down go
down
Fear for me and I will fear for you, fear, fear
Fear whistles in the wind as I go down
Fear whistles in the wind as I blow down

What is that you said
You gotta whistle in the wind and again yea
