Bottom of the ocean is where we met
I can almost smell the smells
In this circle of remembrance
The sea has opened wide

Hold true, hold true to the legend sent
Sent forward for ourselves
Hold true, hold true to remembrance
The sea has opened wide

Bottom of the ocean is where we met
Bottom of the ocean I breathe, remembrance

Don't wait too long, we, we
We belong, we belong in love right now, remembrance

Swimming on a dolphin's back
Laughin' to breathe for myself
In this circle of remembrance
The sea has opened wide

Hold true, hold true to the legend sent
Sent forward for ourselves
Hold true hold true to remembrance
The sea has opened wide

Bottom of the ocean is where we met
Bottom of the ocean I breathe, remembrance

Don't wait too long, we, we
We belong, we belong in love right now

Down to you, my lady floats down
And we all get a little wiser
Down to you my lady floats down
And we all get a little wiser

Down to you, my lady floats down
Floatin' down, down on your crown
Down to you, my lady floats down
Floatin' down, down on our crown of remembrance
Of remembrance, of remembrance, of remembrance

And swimming on a dolphin's back
Laughin' to breath for myself
Down to you, my lady floats down
And we all get a little wiser

My lady floats down, down on your crown
And we all get a little wiser
