Invoke the light to shelter you
'Cause everybody wants a piece of you
Yeah oh oh oh

Yesterday lost in a crowd
Yesterday lost in a crowd
I was lost, lost, now I'm found

Yesterday I was lost and you kicked me some food
Boy it was nice to be here with you

Yesterday, lost in a crowd
Yesterday, lost in a crowd
I was lost, lost, now I'm found

Yesterday, lost in a crowd
Yesterday, lost in a crowd
I was lost, lost, now I'm found

Invoke the light to shelter you
?Cause everybody wants a piece of you
It?s the dyin' man, what she said

Invoke the light to shelter you
?Cause everybody wants a piece of you
It?s the dyin' man, what she said

Yesterday I was lost and you kicked me some food
Boy it was nice to be here with you
