"Lost In Crowd"

Invoke the light to shelter you
Cause everybody wants a piece of you
Yesterday lost in a crowd
Yesterday lost in a crowd,
I was lost, lost, now I'm found.

Yesterday, lost in a crowd.
Yesterday, lost in a crowd.
I was lost, lost, now I'm found.

Invoke the light to shelter you
'Cause everybody wants a piece of you
It's the dyin' man, what she said.
Invoke the light to shelter you
'Cause everybody wants a piece of you.
It's the dyin' man, what she said.

Yesterday I was lost and you kicked me some food
Boy it was nice to be here with you
