Levitate my song  
Into an open space  
Levitate my song

I'll do my best  
In this conversation  
She roll me up  
My best alone  
My best alone  
Well lift me, lift me higher

Levitate my song  
Into an open space  
Levitate my song  
No one will trace

'Cause my friend I  
I see you smile  
And know you're a gift  
Of the human heart  
And I'm breakin' open  
Towards your love  
Sometimes, I'm working so hard  
I don't even know my own name

Levitate my song  
Into an open space  
Levitate my song  
No one will trace

'Cause this is my life  
And I feel like beaming  
Straight into your heart  
It feels like only yesterday  
You were on my side  
Send her my love  
Send her my love  
Send her all the words to say  
'Cause in my heart, I don't believe  
She can hurt me anymore

Return me

Transform me  
Return me  
'Cause I'm howling in the daylight  
Yes, I'm howlin' and it's new

I'll do my best  
In this conversation  
She roll me up  
She roll me up  
Lift me, lift me higher  
Levitate and oh  
Levitate my song

Levitate my song  
No one will trace  
Lift me, lift me higher, lift me, lift me higher  
Lift me, lift me higher, lift me, lift me higher

Levitate my song  
Into an open space
