( Come pay the body, come pay the body  
come and make the body pay )

Me, Iâ€™m lookinâ€™ for an old pickup truck  
one that wonâ€™t leave me stranded a lot  
Just to have that old point of view of you

Women got my money come on leave your island girl

( Come pay the body, come pay the body  
come and pay the body )

Well hold on Donâ€™t go Our reason has yet to unfold  
Letâ€™s take on a little time to loosen my weary mind

Women got my money Come on and leave your island  
girl

Me Iâ€™m lookinâ€™ for an old pickup truck

Women got my money Come on and leave your island  
girl.
