Verse 1

Inade lighting up de fire
Praises everyday
God the creator
Messiah proprietor
The devil,
Tries to become a terminator
He is for nature
Destroyed forever
Never to be seen yeah
But thrown in in fire
Tis emphasy
Is for you who want to see
The light of salvation
ThatÂ'll make you to believe
Jesus as the Lord
And God forever more
For you to be saved,
And turn to de light

Verse 2

Hosanna is the name
The hero of the game
The one and the only

The owner of the fame
For good and for worse
He suffered for us
He came to the earth
And took off the dark
To us he begot
The spirit of life
Away is the strife
As we have de light
The King of Mt. Zion
With strength of a Lion
Persecuted to death
And rose on the third

Verse 3

The Alpha and Omega
Beginning and the end
The fire we a burn
For gospel we a stand
De Lord is so good
De Lord is de King
De Lord is de Lord
De Lord is de One
We march to de light
We light up de fire
We burn fi a sin
And keep up the fire
For gospel we a stand
To reach to de end
Messiah is de one
Who lit up the fire (fire)
