Your The One

Verse 1:

When I first saw your face I knew you were it
I knew you were the trace the trace of my heart
When I see your blue eyes
They look like two stars
Girl you have the power to
Explode my heart

Pre Chorus:

If I could be with you
I would die then be cool (then be cool)
I wanna be with you
Wooooaahhh

Chorus:

Your the one that I adore
Your the one my heart beats for
Your the one in my dreams
Your the one that I believe

Verse 2:

When I'm away from you
I get really blue
And there's nothing to do
No one to go to
Wish I can see your face
All throughtout the day
And always look at you
When I am real blue

Pre Chorus:

If I could be with you
I would die then be cool (then be cool)
I wanna be with you
Wooooaahhh

Chorus:

Your the one that I adore
Your the one my heart beats for
Your the one in my dreams

Your the one that I believe
Your the one that I adore
Your the one my heart beats for
Your the one in my dreams
Your the one that I believe
The one that I believe
