There is no love quite like Your love  
To quench the thirst of everyone  
And I think of all the blessings that You give  
And I can?t help but learn to want it

And I?m not going back to the way things used to be  
To the place that I once was  
And I?m holding on to the promises You gave me  
To the Living Word that changed me

And in my heart I want You  
And how could You love me with all that I do?  
In my heart I want You  
And how could You love me with all that I do?  
I get lost when I count the cost  
I try to figure You out

There is no love quite like Your love  
To quench the thirst of everyone  
And I think of all the blessings that You give  
And I can?t help but learn to love it

And I?m not going back to the way things used to be  
To the place that I once was  
And I?m holding on to the promises You gave me  
To the Living Word that changed me

In my heart I want You  
And how could You love me with all that I do?  
In my heart I want You  
And how could You love me with all that I do?  
I get lost when I count the cost  
I try to figure You out

And I get lost when I count the cost  
I try to figure You out
