I hope you are not numb to a narwhal horn  
When they wait out by the pier  
Cannot stay bored, cannot stay weird  
Got two eyes and a nose, for news  
But you've got everything to lose  
So you stay bored, you stay weird

I hope you don't pretend that the bears at the zoo, well  
they love you too  
Wasn't just me, oh no, wasn't just me  
A ghostly prince is lost down the road  
By a chimney that smokes silver buttons  
For all our dry clothes

I hope you don't think I'm some kind  
Of silly bird, oh no, that moves so slow,  
Oh so slow, oh so slow
