"In My Head"

I know it's sad
But I can't help it anymore
Cause what we had
It never felt like that before
It's just the way
You move in slow
And then you say
I have to go

Don't tell me how
You never meant to lead me on
And then you vow
That when I wake up you'll be gone
Mama said
I shouldn't care
But in my head
It's on a dare (?)

I know this isn't really happening, yeah
I know this isn't really happening
Really happening to me

I know it's wrong
To make you fall in love with me
With just a song
And half a hit of ecstasy
But I was scared
That you would leave
Cause in my head
You're all I need

And I know this isn't really happening, yeah
I know this isn't really happening
Really happening to me

Don't tell me what to say
Don't tell me what to do
Don't show me how to be
Don't kill my fantasy, baby

Because I know this isn't really happening, yeah

I know this isn't really happening
I know this isn't really happening, yeah
I know this isn't really happening
Really happening to me
