I see you move,  
It's like memories repeating on me,  
And as the sun climbs high,  
Spring time has begun for you and me.

The grinding burnt me like a knife,  
You're coming home with me tonight,  
(Waste no time for talk),  
I'm kicking down your bedroom door.  
We get to work once inside,  
(I won't apologise),  
As I feel fire so deep this curtain calls for me.

The start of something new,  
These eyes I have are just for you,  
Set free this spark,  
One night only here we go,  
Step one: proceed,  
The flames we make will be heard anywhere,  
We won't blow out,  
Like a candle in the wind.

I see you move,  
It's like memories repeating on me,  
Under these fiery skies,  
You're everything I've dreamed of,  
Tonight.

Hold me close, don't let go.  
Release this breath you've held so long.  
Take my hand, sink like a stone,  
Together we turn on and on.  
Turn it up, turn me on,  
We're starved of air but we ignite.  
Strike the match, let it burn,  
We're so excited for summer this could be fun.

Now the fuse is lit.  
Now the fuse is lit.  
Now the fuse is lit.  
Now the fuse is lit.
