Les oti fovasai na hareis
kati auto to doro tis zois
osta sto klepsou me diki
ma den poroun giati-

(together)

We, from the foot of the earth
conquerors of the top
with our flag up high
we, what if we got so wounded
we became again winners
therefore, don't be afraid anymore

(male lead)

You say that the dragons of the fairy tales
wake up in the hands of others
and try to catch you
ma den paroun giati-

emeis, apo tous propodes stis gis
katahtites tis korufis
me tin simaia mas psila
emeis, ti kai an gemisame pliges
vgikame me palei nikites
gia auto na min fovasai pia

emeis, ti kai an gemisame pliges
vgikame me palei nikites
gia auto na min fovasai pia
