(V-1)

Don't hold so tight  
The fear in your heart  
You've been quiet  
For so long now  
Only fools  
Follow the crowd  
You've been waiting on a voice  
Scared to make a choice  
Hiding within your own doubt

(1st Chorus)

Sing sing sing  
You've been given the melody  
There's fools in the back waiting to attack  
They'll criticize everything so sing

(V-2)

You're the spark that dies for the flame  
You'll burn out but the blaze remains  
So light up and be slow to fade  
Go on and raise your joyful voice turn silence into noise  
Now is your time to shine out

(2nd chorus)

Sing sing sing  
You've been given the melody  
There's fools in the back waiting to attack  
They'll criticize everything so sing

(Bridge)

I have realized  
That time is not on our side  
And we're chasing the days through the years  
Hoping there's someone who hears  
Us sing

(3rd chorus)

Sing sing sing  
You've been given the melody  
There's fools in the back waiting to attack

They'll criticize everything so sing
