Makes me fly  
To the sky  
Makes me fly  
To the sky

When I feel you're touching me so kind  
You're the only one that's in my mind  
You're the one that's taking me so high  
You're the one that makes me wanna fly

Everybody needs somebody  
Everybody, everybody  
Everybody needs somebody  
Everybody, everybody

Everybody needs somebody  
Everybody, everybody  
Everybody needs somebody  
Everybody, everybody  
Everybody...

When I feel you're touching me so kind  
You're the only one that's in my mind  
You're the one that's taking me so high  
You're the one that makes me wanna fly

Makes me fly  
To the sky

Everybody...  
Needs somebody  
Everybody...  
Needs somebody

Everybody needs somebody  
Everybody, everybody  
Everybody needs somebody  
Everybody, everybody
