i need to tell you something  
i want to get this off of me  
this girl is out to hurt you  
and she is really nasty  
janeen will poke your eyes out  
janeen will tear your heart apart

i want to tell you something  
i need to get the words out  
this girl is gonna get you and she will stop at nothing  
janeen will sink her teeth in  
so deeply into your skin  
janeen will make you feel like dying

oh?she's in the movies  
oh?she's on the screen  
oh?she's like a famous person  
oh?janeen

i saw her on the tv  
she was completely stupid  
her hair was a disaster  
her shirt was really putrid  
janeen is nothing pretty  
she looks like nothing really

she has these awful glasses  
she treats us all like assholes  
janeen is so ungrateful  
janeen's a heartless bastard  
janeen will make you feel like dying

oh?she's in the movies  
oh?she's on the screen  
oh?just like a famous person  
oh?janeen  
janeen  
janeen
