Why does the moon seem to say I should stay alone?
I drop by just to find nobody home
Why do the stars in his eyes always go away?
He'll confess so much less with the more I say

It's taking everything I've got
To keep myself from giving in
He's wanting everything I'm not
So I can never win

Why does the sky have to be such a color?
It just makes my hand need to hold on to another

And it's taking everything I've got
To keep myself from giving in
He's wanting everything I'm not
That girl is getting to him

She's got her games
And she knows how to reel him in
I never play
And it shows
'Cause I never win

No
No no no no no

So why does the moon seem to say I should stay alone?
Can't it see I'm no good here on my own?
And why do the boys want the girls who mislead them?
Why can't they see just how sweet I would treat them?

And it's taking everything I've got
To keep myself from giving in
He's wanting everything I'm not
I can't stop forgiving him

'Cause she's got her games
And she knows how to reel him in
And I never play
And it shows

'Cause I never win

I saw his eyes
And the look he gave me
I know it well
I can tell
He won't save me

No no no no no
