"Angels Are Messengers From God"

Visit "[Angels Are Messengers From God](#)" on MotoLyrics.com

if angels are messengers from god,
please send one down to me
if angels are messengers from god,
i wrote a letter he should read

been living on faithless street all by myself
work your whole life for someone else
trying to find sanction, christ above man
he never shed his peace on this land
so i started this damn country band

been living on faithless street all by myself
work your whole life for someone else
trying to find sanction, christ above man
he never shed his peace on this land
so i started this damn country band
cause punk rock was too hard to sing
