trust is a weird thing
make you crazy
make you jealous
make you wish you hadn't said a thing

and i guess i have been mean
but i'm only second guessing you
cause you won't even let me through

and i want to be happy
and i only want you
if you think that i'm crazy
i'm just crazy 'bout you
crazy 'bout you

and love is a wonderful thing
make you wanna
make you need to
make you wish you hadn't said a thing

baby i have been mean
but i'm only second guessing you
cause you won't even let me through

and i want to be happy
and i only want you
if you think that i'm crazy
i'm just crazy 'bout you
crazy 'bout you

baby i want you
honey i need you
i know you want to
i can feel you

and i want to be happy
and i only want you
if you think that i'm crazy
i'm just crazy 'bout you
crazy 'bout you
