seen a lot of things that we didn't wanna see
but i'm glad we did
i know a lot of times we fell out of line,
but we fell back in
i think we lost the keys to the kingdom,
before we'd seen them

don't be sad (2x)

took a lot time for us to find the words we mean
spent a lot time for our dime runnin nickle beat
i think we lost the keys to the kingdom,
before we'd seen them
don't be sad (4x)

cos we dont hafta live this way forever
it's hard to compromise the things we have

don't be sad
don't be sad
talk to one to have faith
money can not erase
be sad
