I remember seeing you the other day
But I don't remember saying goodbye
All's I know was the sky went clear
And, babe, I think I wanted to die

Well, hi
Well, hi
Well, hi
I guess I want a little too much

I lose my breath when she comes my way
And I don't even know her number
Even know her name

I remember caterwauling close to broke
But the money couldn't buy me a clue
And everything was covered in the sheets of rain
But the bed would only answer to you

Well, hi
Well, hi
Well, hi
I guess I want a little too much

I lose my breath when she comes my way
But I don't even know her number
Even know her name

For every day of sun, I get a month of rain
For every day of sun, I get a month of rain
Oh, I see your face
Oh, I lost my place

I remember seeing you the other day
But I don't remember saying goodbye
All's I know is the sky went clear
And, babe, I think I wanted to die

Well, hi
Well, hi
Well, hi
I guess I want a little too much

I lose my breath when she comes my way
But I don't even know her number
Even know her name

For everyday of sun, I get a month of rain
For everyday of sun, I get a month of rain
Oh, I see your face
Oh, I lose my place
Oh, I see your face
Oh, I lose my place
