Black birds, slow and softly  
Breaks a glass of wine  
Broken bluesy whisper  
Sing to me tonight

Well, everybody wants to go forever  
I just wanna burn up hard and bright  
I just wanna be your firecracker  
And maybe be your baby tonight  
Maybe be your baby tonight, tonight

Lady, your kicks of silence  
Soft into your loom  
Kiss me slow and softly  
Make me dream of you

Well, everybody wants to go forever  
I just wanna burn up hard and bright  
I just wanna be your firecracker  
And maybe be your baby tonight  
Maybe be your baby tonight, tonight

So when does the plane go down?  
'Cause I'm gonna ride it till it hits the ground  
Then go out with a fight  
'Cause I just wanna be your baby tonight
