Slowly  
Coming over me  
Like fire and ice  
Confusion  
All to the ground  
Stone me  
Like you own me  
The strangest moving patterns  
All flow through this city  
Strummin'  
As she's cumin'  
She starts a revolution  
But never shows up  
So holy  
Give me coma  
Alkaline  
And mainframes  
Into a kiss  
Cities destroyed  
And so pretty  
The patterns of illusion  
Burn through the ground  
And I'm a faker  
Faker  
I'm a faker  
I'm a faker  
I'm a faker  
Vampire  
Coffins to kiss  
I'm a faker  
I'm a faker  
Morning may crawl  
Fuck you  
And fuck the universe  
Ah, etc.  
Fuck the universe  
Fuck the universe  
Fuck the universe
