"I Love You But I Dont Know What To Say"

We belong here
We belong here
There ain't no body there to tell us we're wrong
Hear me say
Say this to you
I'll stand by your side
See you through
I promise you that I will keep you safe from harm
Love you the rest of my days
When the night is silent and we seem so far away
Oh I love you
And I don't know what to say

I was lost
I was lost
I tried to find the balance
Got caught in the cost

Let it go
When I met you
The clouds inside me parted
All that light came shining through
I promise you I will keep you safe from harm
And love you all the rest of my days
When the night is silent and we seem so far away
Oh I love you
And I don't know what to say

I promise you I will keep you safe from harm
And love you all the rest of my days
When the night is silent and we seem so far away
Oh I love you
And I don't know what to say

Oh I love you and I don't know what to say
