Well night time let her through  
Yeah, I'm talking to you  
I wanna see her

Precious little thing  
With eyes that dance around  
Without their clothes

So buy a pretty dress  
Wear it out tonight  
For anyone you think  
Could outdo me

Or better still  
Be my winding wheel

'Cause I feel just like a map  
Without a single place to go of interest

And I'm further north and south  
If I could shut my mouth  
She'd probably like this

So buy a pretty dress  
Wear it out tonight  
For all the boys you think  
Could outdo me

Or better still  
Be my winding wheel  
Be my winding wheel

Well the children laugh and sing  
A song that ushers in  
Her driving rain

And I'm standing in the station  
Like some old record  
Waiting on a train

So buy a pretty dress  
Wear it out tonight

For anyone you think  
Could outdo me

Or better still  
Be my winding wheel  
Be my winding wheel  
Be my winding wheel
