Operator, operator gets low
And she can't find the number
Cryin' on the telephone
It's hard, it's harder when she knows
Newscasters don't watch the news
Like operators don't get numbers they lose

I'm a castle, I'm a castle in the sand
And you were the queen until the tide came in
All summer long operators on the telephone
Puppets don't move unless they're strings
Boys & trains don't walk without engine
Oh...
Operator, operator gets low
Operator, operator gets low
