Fair haired gal
You got a sister that's mean
Hanging around the cigarette machine
But when I'm lonely she makes me feel nice
When I'm lonely she makes me feel nice
Steals my shirt, makes me hurt

In the field where my plane went down
In the field where my plane went down
Sweet lil gal
Sweet lil gal

Everything's gold when she comes to me

Lay there for days on the floor with my things
But when you're lonely she makes me feel nice
When you're lonely she makes me feel nice
Steals my shirt
23rd and 1st

In the field where my plane went down
In the field where my plane went down
Sweet lil gal.
Sweet lil gal.
