There you go  
Waving your arms like a girl  
Secondary clothes  
Don't worry, nobody knows

Somebody order my round  
'Cause I'm getting by  
With a twelve pack from 12th and Porter with Billy  
4:30 A.M. at night

'Cause Tennessee sucks, in the summer  
What do you got that can put us under?

There goes Johnny B  
Weird and tall  
He says "The band, they've got good songs  
They just don't draw"

Somebody ordered my round  
Chances are I won't pay  
Hey Brad, let's go down to the boundary  
Get something blue to put us out of our way

'Cause Tennessee sucks, in the summer  
What do you got that can put us under?
