Every winter was endlessly cold
Till I found you
I was neglected, I was on my own
Till I found you

And if hope can call my name
I'm just saying...
It can call yours too.
I was lost, I was afraid...
Until I found you
I found you

My love was wasted on the foolish of heart
Till I found you
And I watched you chase it, chase it over the falls
Till the water was black where it used to be blue

And if hope can call my name
I'm just saying...
It can call yours too
I was lost, I was afraid, I was angry...
Until I found you
I found you

And if love can call my name
I'm just saying...
It can call yours too
I was lost, I was afraid, I was angry...
Until I found you
I found you
I found you
I found you.
