"Combat Mosh"

Step into the conflict
A firefight of the flesh
Caveman genealogy
In violence we become enmeshed

It's murder in the circle pit
No longer we repress
The screaming apes we used to be
Wakened from a peaceful rest

Cast off the last million years
Because all that matters now is the kill
Put aside the suit and tie
Clench your fists and bludgeon at will
And mosh

Modern man's a construct
The thing beneath is truth
Territoriality
Hard-wired in the hulking brute

Pleistocenic people
Cro-magnon at the core
Savage ideology
In the pit we go to war

Mindless, churning, frenzied xenophobes
We succumb to that primal call
"Love thy neighbor" forgotten now
The stone age lives on in us all
So mosh
Just mosh
Give in to your id and devolve
Devolve

Kill

Murder in the circle pit
Murder in the circle pit
Murder in the circle pit
Murder in the circle pit
