Will you shine on me, be my guardian light  
Shine on me, like a fire in the night  
Give a sign to me, wipe away my tears  
Shine on me, keep the vision clear

All my life, all the time I was so blind  
In my world shadows and dust,  
It's my turn to work it out

Suddenly you crossed my way  
Come and take away this pain  
Honestly you make my day  
Come and save me from the rain

Will you shine on me, be my guardian light  
Shine on me, like a fire in the night  
Give a sign to me, wipe away my tears  
Shine on me, keep the vision clear

Will you shine on me, be my guardian light  
Shine on me, like a fire in the night  
Give a sign to me, wipe away my tears  
Shine on me, keep the vision clear

Without your love I feel emptiness,  
Without your love I feel loneliness  
I'm in the ocean of your heart, shine on me forever  
more

I walk the night, into the light  
I hear your voice, in the sky the rainbow shines  
I start to fly, is this a sign?

Suddenly you crossed my way  
Come and take away this pain  
Honestly you make my day  
Come and save me from the rain

Will you shine on me, be my guardian light  
Shine on me, like a fire in the night  
Give a sign to me, wipe away my tears

Shine on me, keep the vision clear

Shine on me, be my guardian light  
Shine on me, like a fire in the night  
Give a sign to me, wipe away my tears  
Shine on me, keep the vision clear

Without your love I feel emptiness,  
Without your love I feel loneliness  
I'm in the ocean of your heart, shine on me forever
