Endless days, I've been livin' in haze,  
Of lost realm.  
Endless nights, I've been lost in maze,  
Of my mind.

[Bridge]  
Why would I go to sleep when I am awake?  
Why should I sleep when I know, I won't wake.

[Chorus}  
This is the morning, when I won't wake up.  
This is the morning, when my heart will stop.

Endless pain, I've been carrying alone,  
Through my life.  
Headless love, I've been livin' without,  
Through my life.

[Bridge]

[Chorus}
